PROFESSIONAL SUMMARY

MCA candidate with a BCA background and hands-on experience building web, Android, and desktop applications using Python/Django, PHP, Kotlin, and .NET. Completed a Python web development internship delivering responsive front-end components and form-driven workflows. Strong in SQL, Data Structures & Algorithms, and Agile delivery; seeking a Software Developer role building reliable, user-focused products.

TECHNICAL SKILLS

Programming Languages: Python, Java, C, C++, Kotlin, PHP, SQL

Web Development: Django, HTML5, CSS3, PHP, Responsive Design, Form Handling & Validation

Databases: MySQL, SQL, MongoDB, Database Design & Normalization

Tools & Platforms: Git, GitHub, Visual Studio (.NET), Android Studio, Selenium WebDriver, VS Code

Core Concepts: Data Structures & Algorithms, OOP, DBMS, SDLC, Agile / Scrum, Testing & Debugging

Languages: English (Professional), Hindi, Kannada, Tamil (Intermediate)

PROFESSIONAL EXPERIENCE

Python Web Developer Intern | IGRA Company, Bengaluru

June 2024 – July 2024

- Developed responsive, interactive web pages using Python, HTML, and CSS from design requirements.
- Implemented web forms with end-to-end submission handling and input validation, improving accuracy of captured data.
- Tested and debugged components across browsers and worked with the team to improve page performance and user experience.

PROJECTS

Database-Driven Web Application | Python, Django, SQL

Academic Project

- Built a full-stack Django application with secure user authentication, session handling, and complete CRUD data management.
- Designed a normalized relational schema and scalable backend architecture to support future feature growth.

Dynamic Web Application | PHP, SQL, Agile Methodology

Academic Project

- Developed a database-backed PHP application with secure SQL integration and validated queries to protect application data.
- Delivered the project across Agile iterations covering requirements, development, testing, and deployment.

Android Mobile Application | Kotlin, Android Studio

Academic Project

- Built a native Android application with an intuitive, responsive interface following Android and Material Design best practices.
- Implemented interactive screens and smooth navigation flows to improve usability and engagement.

Desktop Management Application | .NET (Visual Studio), SQL

Academic Project

- Created a Windows desktop management system integrated with SQL for record creation, search, and reporting.
- Replaced manual record-keeping with automated database workflows behind a clean, user-friendly interface.

EDUCATION

Master of Computer Applications (MCA) | Kristu Jayanti (Deemed to be University), Bengaluru

2025 – 2027 (Pursuing)

Bachelor of Computer Applications (BCA) | Kristu Jayanti College (Autonomous) — 70.83%

2022 – 2025

Class XII (PCMC) | Vision Residential PU College — 77%

2020 – 2022

Class X | Chinmaya Vidyalaya High School — 76.48%

2017 – 2020

CERTIFICATIONS

- Cisco Certified Support Technician (CCST) – Cybersecurity**, Cisco (2025) | **Ethical Hacking Essentials**, Cynexera (2026)
- Java Programming Fundamentals**, Infosys Springboard (2025) | **MongoDB – Java Developer Path**, MongoDB (2024)
- Selenium WebDriver with Python + Framework**, Udemy (2024) | **Cloud Security Fundamentals**, Palo Alto Networks (2024)
- The Joy of Computing Using Python**, NPTEL (2024) | **Database Management System**, NPTEL (2023)

LEADERSHIP & ACTIVITIES

- Student Coordinator, Shells College Event (2025)** – Planned and executed event logistics, coordinating volunteers across departments.
- Volunteer, Department Activities** – Supported academic and cultural programmes; multiple prizes in Athletics and Karate.
- Community Service** – Volunteered in blood donation drives and the Farmers Market Initiative.
